

VFR to Close Temporarily on Tuesday March 17, 2020 due to Coronavirus / COVID-19

Dear VFR Family & Friends,

As promised, as things continue to change, so are our actions. After tonight Monday, March 16, 2020, Valley Fitness & Racquet will follow recommendations of the government for all non-essential retail businesses and temporarily close until we get the all clear from those same government recommendations.

We take the health of our staff and members very seriously and highly recommend everybody use social distancing and only go out for the essentials to your lifes.

While we temporarily shut down, we will be working hard to clean and improve the club. We'll be posting updates on things we're working on and ways you can stay active during this time.

Lockers: Please come in today to gather things out of your lockers or we will have the club open from 10:00am - 2:00pm on Thursday March, 18th to gather your belongings. We are going to clean every locker and surface possible in the club.

Membership Dues: We will stop the monthly recurring membership due billing after today. All charges that have been run up on membership accounts through tonight, will run like always on the EFT on the first of the month. We will communicate all other details as we work them out.

We know that the club closing isn't anyone's first choice, but we will all get through this and when we re-open Valley Fitness & Racquet, we'll be ready and able to serve you better than ever.

Please email General Manager Nick Hawley at nhawley@valleyfitnessandracquet.com with any questions.

Our Best Always,

Valley Fitness & Racquet

OUR MISSION: "We will provide a clean, inclusive, family friendly environment that focuses on overall wellness, fitness and racquet sports."
